Urologic Injury: A Trauma Surgeon’s Perspective

Alan H. Tyroch, M.D., FACS
Professor and Chair
Department of Surgery
Texas Tech University Health Sciences Center El Paso
El Paso, Texas

Objectives: Upon completion of this session, the participant should be able to:

- Explain how to diagnose and manage urologic injury (kidney, bladder, urethra and ureter).
- List the two types of bladder injury (intraperitoneal and extraperitoneal) and how treatment varies based on injury type.
- Describe University Medical Center of El Paso’s experience with urologic injury.

Accreditation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit ™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

To claim CME credit, participants must log on using their full name and remain logged on for a minimum of 75%, if not the entirety of the CME activity. Attendance logs with entry and exit time stamps will be used to validate attendance requirements.

It is the policy and practice of the Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) to resolve all potential conflicts of interest prior to the activity.

All speakers and the planners for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, reselling, or distributing health care products used by or on patients.

The Office of CME reserves the right to cancel this activity in the event of unforeseen or extenuating circumstances.

Persons with disabilities who need auxiliary aids or services may call the Office of CME at 915-215-4880 to arrange accommodations.
