Update on Management of Cardiac Arrhythmia
Presented by:
Fred Kusumoto, M.D.
President, Heart Rhythm Society
Director of the Heart Rhythm Services
Mayo Clinic
Jacksonville, Florida

Objectives: Upon completion of this session, the participant should be able to:
● Recognize the electrical manifestations of common arrhythmias and develop optimal treatment approaches.
● Apply current guidelines and recent clinical trial evidence for the management of cardiac arrhythmia.
● Focus on atrial fibrillation as the most common arrhythmia, and identify appropriate anticoagulation strategies and the role of catheter ablation.

Accreditation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

It is the policy and practice of the Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) to resolve all potential conflicts of interest prior to the activity.

Fred Kusumoto, M.D., and the planners for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, reselling or distributing health care products used by or on patients.

❖ The Office of CME reserves the right to cancel this activity in the event of unforeseen or extenuating circumstances.
❖ Persons with disabilities who need auxiliary aids or services may call the Office of CME at 915-215-4880 to arrange accommodations.
