Asthma, Air Pollution and the Updated WHO Air Quality Guidelines

Presented by:
Sarah R. Glick, M.D., M.P.H., FAAP
Scientific Research Assistant
Environmental Exposures and Health Unit
Swiss Tropical and Public Health
Basel, Switzerland

Sarah Glick is a board-certified pediatrician from New Jersey. She received her medical degree from Cornell and completed her residency training with the Air Force in Dayton, Ohio. She is presently living in Switzerland and working with an environmental health research group to better understand the systemic effects of pollen exposure.

Objectives: Upon completion of this session, participants should be able to:

- Identify how exposure to outdoor air pollutants negatively impact children with asthma.
- Review the U.S. EPA air quality standards for the criteria air pollutants and learn about the 2021 World Health Organization (WHO) updates to the air quality guidelines.
- Discuss resources which can be shared with families to manage ozone and particulate matter levels in the local area.

Accreditation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

It is the policy and practice of the Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) to resolve all potential conflicts of interest prior to the activity.

Sarah R. Glick, M.D., M.P.H., FAAP, and the planners for this educational activity have no relevant financial relationships to disclose with ineligible companies whose primary business is producing, marketing, selling, reselling, or distributing health care products used by or on patients.

- The Office of CME reserves the right to cancel this activity in the event of unforeseen or extenuating circumstances.
- Persons with disabilities who need auxiliary aids or services may call the Office of CME at 915-215-4880 to arrange accommodations.
