CALL FOR ABSTRACTS
POSTER SESSION

The 12th Annual Cultural Competence Conference, will provide an opportunity to present a poster on research related to cultural competence and diversity, including research of underserved populations. Abstracts may present new information or previously published or presented information.

Posters will be displayed throughout the day of the conference; however, at least one author is required to be present to provide information regarding their research. By submitting a research abstract for display, the author(s) agree to be present at the conference.

The 12th Annual Cultural Competence Conference will feature the presentation format, Fast Talk Presentations. If selected, authors will be asked to participate in the Fast Talk Presentations. This format will feature fast talks by 10 poster presenters. Each speaker will have up to 5 minutes (and up to 2 slides) to highlight major findings and other noteworthy details.

For the Fast Talk Presentations, the primary author listed on the submission form must be the speaker. The presenter will need to prepare up to 2 slides AND a printed poster for the presentation.
