Fund Manager Responsibilities:

The objective of this training is to ensure that new fund managers have a full understanding of the terms, tools, policies and relationships with university financial concepts to be successful in managing and administrating their funds.
Fund Manager Responsibilities

• All funds in the Banner Finance System have a designated fund manager. The department may select any person as fund manager, but the fund manager should have basic knowledge of accounting and exhibit basic management skills.

• Department heads and administrators are responsible for appropriate assignment of fund managers. The fund manager is identified at the time the fund is established and may be changed by submitting a fund manager request.

  - The Finance Fund Maintenance system allows departments to submit requests for new funds to be set up, reviewed, and approved in an online format.
  - The Financial Manager Change Request systems allows departments to make changes to fund managers.
1. **Establish internal controls at the department level.**

   Internal control is the process designed to ensure reliable financial reporting, effective and efficient operations, and compliance with applicable policies, laws, and regulations. Internal control includes safeguarding assets against theft and unauthorized use, acquisition, or disposal. The most important control activities involve segregation of duties, proper authorization of transactions and activities, adequate documents and records, physical control over assets and records, and independent check on performance.

   - Please visit [Attachment A - Basic Principles of Internal Control](#).

2. Reconcile ledger transactions to departmental transactions. Fund managers are responsible for ensuring that departmental transactions are properly and timely reflected in Banner.

The following Cognos reports are useful when reviewing all transactions recorded in your departmental funds:

- Team Content > HSC El Paso Finance > Transaction Detail > Operating Transactions for Excel for El Paso

- Team Content > HSC El Paso Finance > Transaction Detail > Balance Sheet Transactions

   - HSCEP OP 65.07 Effort Reporting: Certifying Time and Effort on Sponsored Projects

4. **Be aware of institutional policies concerning fund management.** Fund managers must read and understand institutional policies including all HSCEP OPs in Sections 50, 54, 63, 65, 72, and 79.
   Specific policies of note are:
   - HSCEP OP 50.07 Cash Collections
   - HSCEP OP 50.30 Year End Close Processes and Deadlines

5. Ensure sufficient budget is available.

The fund manager is responsible for ensuring that sufficient expenditure budget is available to support anticipated expenditures for the entire fiscal year. The expenditure budget is limited to the estimated revenue and transfers in for the fiscal year in addition to prior year fund balance for the fund.

The Cognos report below can help you verify if funds are available and under the appropriate budget pool.

Fund Manager Responsibilities

6. Maximize cash flow through timely billing, collection and depositing of revenue.
   Good cash flow procedures are necessary to ensure maximum earnings and to avoid negative cash balances. Fund managers are responsible for managing cash flow through effective internal procedures, timely billing, contract negotiation, and other means available.

   - The online Cash Receipts system must be used to record deposits. Cash collections include payments to TTUHSC El Paso in the form of currency, coins, checks, credit cards, warrants, wire transfers or other forms of valuable consideration.

   - The IV module of the Financial Transactions System (FiTS) allows Service departments (funds beginning with 19) to bill for goods and services provided to other departmental FOAPs (Fund-Organization-Account-Program).
7. **Maintain positive fund balances throughout the fiscal year.**

Fund managers are responsible for maintaining positive balances and covering deficits. When positive balances cannot be maintained, Accounting Services may require a plan of action that explains the deficit and how the fund will be covered by year end.

The Cognos report below will provide you with the available fund balance for funds, as well as other useful financial information.

- Team Content > HSC El Paso Finance > Essential Finance Reports > **Statement of Changes in Fund Balance by Cat and Class**

- Fund balance on Student Fee funds **should not** exceed 25% of prior year expenditures.

- Fund balance on Service departments must breakeven without creating a significant fund surplus or deficit.
8. Maintain correct program coding.

Program coding is the basis of financial reporting for the Facilities and Administration (F&A) Rate Study and Coordinating Board reports, including the Annual Research Report. Program code information can be found under Program Code Training under the Finance Systems Management Training Documents site.

- When creating a new fund, departments should explain the purpose of the new fund in order to determine the appropriate program code to be used for classification of expenses. There are five program codes that are generally used.

<table>
<thead>
<tr>
<th>Generally used program codes:</th>
<th>Other program codes used:</th>

-Note: 10/35/40 expenses can be lumped within the same fund. Click here for further information on the purpose of functional classification of expenses and definition of each program code.
Fund Manager Responsibilities

   The fund manager is responsible for the transactions of those delegated authority or given signature authority on their funds, also known as delegated persons.

   - **Roles and rights of external applications.** A fund manager must assign roles and rights for specific external applications such as TechBuy and Direct Pay. This may be accomplished through the TEAM application.

   - **Procurement card signature authority.** A fund manager may delegate signature authority for a procurement card. The fund manager is responsible for the proper use of the procurement card, including establishment of good internal controls, proper card handling, and return of the card to Business Services as appropriate.
     - [HSCEP OP 72.15 Purchasing Card Program](#)

   - **Contracts signature authority.** A fund manager does not have signature authority for contracts, unless such is explicitly delegated to them.
