

2nd Annual Global Health Conference

Friday, Dec. 11, 2020

Conference Overview and Target Audience

This educational activity is designed for all health care professionals and community organization staff. Its objective is to emphasize transnational health issues, determinants and solutions that will enhance interdisciplinary collaborations in global health.

Objectives

Following the conference, participants should be able to:

- Recognize how COVID-19 is affecting fragile states and countries in conflict and understand why many of the standard recommended interventions may not be implemented.
- Summarize sources and categories of hazardous agents contributing to global infectious and non-infectious diseases.
- Discuss how we can leverage lessons learned from the HIV epidemic, from the HIV epidemic – integrated oncology care and prevention services within existing health care delivery systems.
- Identify what effects COVID-19 had in the border region of El Paso-Juárez-Las Cruces.
- Review current global initiatives for HIV prevention and management.

Erika Silvas
Program Coordinator
Office of Continuing Medical Education
Paul L. Foster School of Medicine
Texas Tech University Health Sciences Center El Paso
El Paso, Texas

Rosemary Walulu, Ph.D., R.N., ACRN
Assistant Professor
Gayle Greve Hunt School of Nursing
Texas Tech University Health Sciences Center El Paso
El Paso, Texas

Amro Awad
MS IV
Paul L. Foster School of Medicine
Texas Tech University Health Sciences Center El Paso
El Paso, Texas

Call For Virtual Abstracts

As part of the 2nd Annual Global Health Conference, there will be an opportunity to present a poster on research related to global health, including research on social determinants of health. Abstracts may present new information or previously published or presented information.

Virtual posters will be displayed throughout the day of the conference; however, at least one author is required to be at the conference for the duration of the poster session from 4 to 4:30 p.m. By submitting a research abstract for display, the author(s) agree to be available to present.

If selected, authors will have an opportunity to participate in the Virtual Podium Presentations. This new format will feature podium presentations by four poster presenters. Each speaker will have up to seven minutes (and up to three slides) to highlight major findings and other noteworthy details.

For the Virtual Podium Presentations, the primary author listed on the submission form must be the speaker. The presenter will need to prepare up to three slides.

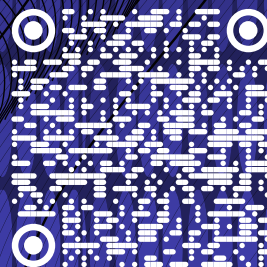

Abstract Submissions

Please complete the attached abstract registration and submission forms.

Email the two completed forms as attachments to DiversityInclusionGlobalHealth@ttuhsc.edu by Nov. 27. No submissions will be accepted after this deadline.

Submission Criteria:

1. The primary author/presenter must register for the conference.
2. Each presenter may submit a maximum of two abstracts.
3. The abstract should contain:
 - A short and descriptive title (do not include acronyms in the abstract title).
 - A detailed description of the poster (500 words or less):
 - Purpose: A concise statement about the problem under investigation or hypothesis.
 - Methods: A concise statement about the experimental methods, qualitative methods, and interventions used, and/or data analyzed.
 - Results: Graphs, charts, tables, images, and bulleted lists are allowed. Specific findings must be included. Broad generalizations or the promise "to be completed" will not be accepted.
 - Conclusions/findings.
 - Significance: Potential outcomes.
4. Abstracts will be accepted for presentation based on the merit of the data presented in the abstract. **Incomplete or improperly executed abstracts will be rejected.** Submission of an abstract does not guarantee acceptance for presentation at the conference. All decisions by the planning committee regarding which abstracts are accepted for presentation are final.

The program, hosted virtually on Webex, will take place on Friday, Dec. 11 starting at noon. Attendance is free, but advance registration is required. To register, please [CLICK HERE](#) or scan QR Code
