

INAUGURAL GLOBAL HEALTH CONFERENCE

WEDNESDAY, DEC. 11, 2019
MEDICAL EDUCATION BUILDING, ROOM 1200

Conference Overview and Target Audience

This educational activity is designed for all health care professionals and community organization staff. Its objective is to emphasize transnational health issues, determinants and solutions that will enhance interdisciplinary collaborations in global health.

Objectives

Following the conference, participants should be able to:

- Describe the leadership role in global health on campus.
- Describe the challenges associated with providing adequate mental health services to immigrant families.
- Identify the key environmental health indicators across the world.
- Understand global HIV-AIDS distribution and outcomes.
