
TTUHSC EL PASO VISION STATEMENT

Transforming the health of the Paso del Norte region through:

- destination patient-care services.
- education that addresses the needs of the region and state.
- research that identifies solutions to health care issues unique to the border region.
- inclusivity and diversity.

TTUHSC EL PASO MISSION STATEMENT

The mission of Texas Tech University Health Sciences Center at El Paso is to improve the lives of people in our State and our community by focusing on the unique health care needs of socially and culturally diverse border populations through excellence in integrated education, research, and patient care.
