TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER EL PASO

Operating Policy and Procedure

HSCEP OP: 50.32, Waiver of Fees for Internet Courses, and Off Campus Instruction

PURPOSE: The purpose of this Texas Tech University Health Sciences Center El Paso (TTUHSC El Paso) Operating Policy and Procedure (HSCEP OP) is to outline the policy and procedure for obtaining and authorizing off-campus student fee waivers for internet and off-campus courses.

REVIEW: This HSCEP OP will be reviewed on August 1 of each even-numbered year by the director of Student Business Services, with recommendations for revisions forwarded to the chief financial officer, or designee, by August 15.

POLICY/PROCEDURE:

Section 54.5035 of the Texas Education Code gives the governing board of an institution of higher education the authority to waive a mandatory or discretionary fee it is authorized to charge if the board determines that:

1. The student is not reasonably able to participate in or use the activity, service, or facility for which the fee is charged.

2. It is in the best interest of the institution or is critical to the viability of an academic initiative for a specific category of students.

3. The waiver of the fee will not result in the institution’s inability to service a debt to which revenue from the fee is obligated or to support an activity, service, or facility for which the fee is charged.

Any student who is included in 1. and 2. above may be exempt from payment of fees charged to provide the associated activities, services or facilities on which the fee is based.

The waiver is dependent upon certification by the chief financial officer that the waiver of the fee will not materially impair the ability of the institution either to service any debt on which the fee is based or to offer or operate the particular activity, service or facility supported by the fee.

All waivers authorized by Texas Education Code, Section 54.5035, will be approved annually by the chief financial officer and the president of TTUHSC El Paso and will be included in the Global Fee Document Supplement.

Student Business Services will enter off-campus waivers on student accounts in the Banner system based on the approved waivers for the program in which the student is enrolled for the academic term.
