20.005 Selection/Promotion/Tenure/Reappointment of Faculty

SON OP: Selection of faculty is through a review process conducted by faculty which results in recommendation to the Dean. Procedures for the selection process are designed to insure that the widest possible applicant pool is reached in the interest of affirmative action and equal employment opportunity and that all applicants receive equal consideration.

PURPOSE: This section of the handbook shall be reviewed by the Dean, and the Faculty Council by September 1st on odd-numbered years.

REVIEW:

POLICY/PROCEDURE

Application and selection processes are the same regardless of tracks or ranks. Recommendation regarding appointment is made by the Faculty Affairs Committee to the Dean.

An annual evaluation is completed that reflects job description. The Associate Dean or Assistant Dean as appropriate recommends to the Dean in regard to reappointment. Factors in the decision include both program needs of the GGHSON and individual performance. The primary information considered in regard to faculty performance is the Faculty Evaluation Summary. Faculty seeking promotion or tenure are expected to complete an in-depth evaluation in the spring before applying for promotion and/or tenure.

The regular reappointment recommendation is made following the annual evaluation and notification to faculty regarding appointment status is made by letter at dates consistent with those stated in the Regents' policy on such notification. This policy may be superseded by conditions of financial exigency or performance inconsistent with rank. [Refer to TTU Board of Regents Manual and HSC Operating Procedures indicated below.

According to Board of Regents rules [Chapter 04] "After a period of five (5) years of service in the non-tenure track at the Assistant Professor level or three (3) years at the Associate Professor or Professor level, extended appointments not to exceed five (5) years may be offered upon recommendation by Associate Dean or Assistant Dean as appropriate and approval of the Dean".

Post-tenure reviews are conducted according to Board Policy 60.03: Guidelines for Comprehensive Performance Evaluation of Tenured Faculty and Faculty Receiving Academic Promotion (TTU Board of Regents Manual). Tenured faculty are evaluated with the use of a peer panel at least every six years. The schedule of review timeframes is established by the Faculty Council in collaboration with the Office of the Dean.
