

2022-2023 Professional Judgment Request – Income Adjustments – DEPENDENT

Student Name _____ Student ID# _____

This form may be used for the 2022-2023 school year if the financial situation of your household has recently changed because of loss of employment or benefits, separation or divorce, death, extraordinary medical expenses, or the inflation of the income reported on the FAFSA by a one-time financial distribution.

Sec. 479A of the Higher Education Act of 1965, as amended, authorizes financial aid administrators to use professional judgment on a case by case basis for students with special circumstances that significantly affect a family’s ability to contribute to the cost of higher education. Professional Judgment allows a financial aid administrator to adjust a student’s financial aid, or need, based on special circumstances such as, but not limited to, those listed above. Special circumstances do not include the recurring costs that are considered standard living expenses and/or consumer debt. Submitting this request does not guarantee an adjustment will be made to your aid package. Decisions are final and will be communicated directly to the student via e-mail.

Requests for professional adjustments will be considered after you receive your initial award letter for the 2022-2023 aid year. We recommend that you accept your initial financial aid package. After reviewing your documentation, your aid package may remain the same or be adjusted based on the financial information that has been submitted.

Section A – Unique Situations for Consideration – Please review and indicate which situation applies to you. Documentation listed as required must be submitted along with this form to review your request. Additional documentation that helps support your request, even if not listed as required, can be submitted as well. List your name and ID number at the top of all submitted documents.
