Emergent Care of the Hypoxic COVID-19 Patient: Considerations Surrounding Airway Management

Presented by:
Erik Nordquist, M.D.
Associate Professor
Department of Emergency Medicine
Texas Tech University Health Sciences Center El Paso
El Paso, Texas

Objectives: Upon completion of this session, the participant should be able to:

- Describe escalating oxygen strategies for the comfortably hypoxic COVID-19 patient.
- Review practices to keep the team safe during the intubation of a COVID-19 patient.
- Discuss the particularities of ventilator management of the COVID-19 patient.

Accreditation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

It is the policy and practice of the Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) to resolve all potential conflicts of interest prior to the activity.

Disclosure: Erik Nordquist, M.D., has no relevant financial relationships to disclose.

All members of the planning committee for this series have signed disclosures stating no relevant financial relationships exist with any industry support companies.
