Can My Work Make My Children Sick? Occupational Exposures and Children’s Health

Presented by:
Gabriel Ibarra-Mejia, M.D., Ph.D., MsErg
Assistant Professor
The University of Texas at El Paso
El Paso, Texas

Dr. Gabriel Ibarra-Mejia is an assistant professor in the Department of Public Health Sciences at the University of Texas at El Paso. He also holds a position as an adjunct professor for the University of Texas Health Science Center at Houston, where he provides undergraduate and graduate-level instruction in four main areas: environmental health, occupational health, epidemiology and research methods. At the Universidad Autonoma de Ciudad Juárez, he provides education in industrial ergonomics to undergraduate industrial engineering students and mentors engineering graduate and undergraduate students. With Universidad de Guadalajara, he participates as an external instructor in occupational biomechanics for the Master’s in Ergonomics program. He also collaborates as an associate consultant for the firm JFAssociates Inc., which specializes in providing consultancy services to industry and government in industrial engineering, ergonomics, health and safety.

Objectives: Upon completion of this session, participants should be able to:

- Connect how occupational risk can affect children’s health.
- Counsel current and future parents about how to avoid and deal with occupational risks that can affect children.
- Recommend preventative strategies for managing occupational risks that can potentially affect children’s health.

Accreditation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Credit Designation: The Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

It is the policy and practice of the Texas Tech University Health Sciences Center El Paso Paul L. Foster School of Medicine Office of Continuing Medical Education (CME) to resolve all potential conflicts of interest prior to the activity.

Disclosure: Gabriel Ibarra-Mejia, M.D., Ph.D., MsErg, has disclosed no relevant financial relationships with any industry support companies. All members of the planning committee for this series have signed disclosures stating no relevant financial relationships exist with any industry support companies.
