

Institutional Faculty Development Program 19

Program Overview and Target Audience: This educational intervention is designed to help faculty successfully apply adult teaching and learning principles in face-to-face and online learning environments. This live activity is designed for physicians, registered nurses and other interested health care providers.

*Technology of
eLearning*

This course provides information on the eLearning technology available to TTUHSC El Paso faculty and staff. In this course, you will learn about learning management systems, advantages and disadvantages of synchronous and asynchronous sessions, web conferencing, authoring and Adobe tools.

Asynchronous sessions are available to complement the synchronous live teleconferences.
