El Paso, Texas

Peggy Jahn, R.N., B.S.N.
Education Specialist
Border Region Advisory Council
El Paso, Texas
CONFERENCE OVERVIEW AND TARGET AUDIENCE:

This educational activity is designed for emergency medicine, general and orthopedic surgeons; anesthesiologists; radiologists; intensive and critical care specialists; physician extenders; registered nurses; physical and occupational therapists and other health care professionals who work in trauma care.

LEARNING OBJECTIVES:

Following the conference, participants should be able to:

• Summarize agitation management in traumatic brain injury.
• Understand the role of whole blood in the adult and pediatric population.
• Describe the benefits of whole blood in the prehospital setting.
• Identify the incidence, significance and management of pneumomediastinum in the trauma and non-trauma patient.
• Identify ethical issues health care professionals face when treating pediatric patients for possible abuse and neglect.
• Appreciate the risks and benefits with the use of “lights and sirens” by EMS.

CONFERENCE SCHEDULE: Thursday, Dec. 2, 2021
