

NEW PROJECT REQUEST FORM
Texas Tech University Health Sciences Center El Paso

Work Order#

NCRF Number

Project Manager

This form is required for the Initiation of any new construction work at the Texas Tech University Health Sciences Center. New construction is defined as:

1. Any physical change to the existing building (new lighting, new doors, demolition, new walls, etc.)
 2. The installation of equipment, furniture or cabinets that are required to be attached to the building in any way (mounted bookshelves, x-ray boxes, metal casework, etc.)
 3. The installation of equipment that requires new electrical hookups, plumbing connections and piping, or adds new heating or cooling loads to the space in which it is located.
- This form is a request - not a work order. The initiation of this form will generate a proposed solution, a preliminary construction schedule, and an estimated cost. Work described on this form will not begin until all final approvals have been made. If you have any questions on this form or process, call the Plant Operations Office at 215-4500.
