

PROVISIONAL ACCOMMODATION APPLICATION

At times a situation may occur where a provisional accommodation is provided for a student. It is a conditional arrangement made on a case-by-case basis and is not an official approved accommodation.

This arrangement is not a substitute for a student with no documentation to get accommodations nor is it a replacement for a student whose documentation has been denied.

FOR CONSIDERATION OF A PROVISIONAL ACCOMMODATION, PLEASE SELECT ONE OF THE FOLLOWING CRITERIA:

- _____ Documentation is provided, even if it may be insufficient information to meet TTUHSC El Paso guidelines, that presents a diagnosis and substantiates a need for accommodations and an Accommodations Request Form is already on file. Documentation presented at least one week before an exam will be eligible for provisional accommodations.
- _____ The Manager of Accessibility Services is in the process of reviewing documentation to determine the provision of accommodations.
- _____ Appropriate documentation is in the process of being obtained, including any upcoming evaluation appointments and an Accommodations Request Form is already on file.

Date of appointment: _____

Other: _____

By signing below, I understand that complete documentation must be received within four weeks of receiving provisional accommodations or else they will be waived. If I have difficulty in meeting this deadline due to troubles making a testing appointment, I will contact the Accessibility Services office immediately. I also understand that I am responsible for notifying all appropriate faculty of my provisional accommodations.
